TODAY'S THOUGHT There is a luxury in self-disparage; and inward self-disparagement affords to meditative spleen a grateful feast.

Wordsworth.

The Alexandria Gazette.

As occasion has seemed to offer within the past few months, certain of the Gazette's readers, and we assure them they are all esteemed, have written letters to be printed in our columns, in which they have reflected on our staff, and with some slight attempt at sarcasm on what they chose to call the newness or recent acquisition of certain of its members.

We trust we may be pardoned therefore if we take this occasion, ourselves, to say a word or two touching upon this point and others germane to Alexandria's only newspaper—an institution of nearly a century-and-a-half's existence; almost as old as the Republic itself.

The Gazette, so far as the outside world is concerned, has no staff. The editor, city editor, business manager, advertising manager, foreman, linotypers, even to the homunculus known as the printer's devil, have no identity separate and apart from its own composite and rounded entity. Every person connected with it in any one of its varied departments and spheres of activity, is simply a component part of the complex organism which functions as a daily newspaper. His individuality is merged into and completely swallowed up by that of the Gazette. A newspaper may be likened to an ocean of anonymity, fed from innumerable sources, which flow unceasingly into its boundless expanse. The thousands of inhabitants who constitute its readers, the hundreds of merchants who seek publicity in its daily columns, furnish it the news, give to it its sustenance, and themselves form the firmament and landscape which are mirrored in its pages. From them it derives its local color, from them it necessarily assumes that form of thought and shape of opinion that make its community a distinct element of national life. It is the organ and exponent of the smaller world which with ten thousand compeers mould that mighty unity known as the United States.

The Gazette, as we have said, has lived for many generations as the organ of public sentiment and purveyor of news in Alexandria and the princely domain of which it is the capital—and than which there is no fairer on this earth. The Gazette lives, while those who have labored to make its pages a reflex of daily life in their community, a mirror of the happenings of the world about them—have long since passed to the realms of silence

FROM MEXICO

(Private Correspondence)
"I have apprized you of the fall of St. Antonio and the province of Texas and of occupation of that place by the troops of Bernardo. The Spanish troops were commanded by Col. Herrera, a soldier and gentleman. Col. Montaña displayed great bravery in the action, and was shot while in a single combat with Major Ross, a fate much more enviable than that of the others who surrendered. Salcedo, Herrera, and 13 others, who all relied upon the usages of war, the terms of the capitulation, and above all on the protection of the Americans, were secretly and inhumanly put to death. The Americans, who were entirely ignorant of the circumstance, have expressed great disgust and horror.

Many young gentlemen have returned here (Alexandria, Louisiana) and most of them

Wished to return to St. Antonio the decisive and treacherous character of the Spaniards, the doubtful event of the Revolution, and the uncertainty with regard to the views and wishes of the U. S. government, preventing. There can be little doubt, however, of the event, as the Americans are alone sufficiently numerous to drive off and beat all the Spaniards in the Province. In about three months they propose to march to the adjoining Province of Coahuila, which is unable to resist them."

(The above is exceedingly interesting and historically important. We have never seen, as yet, in any history, mention made of the fact that the Americans in Texas helped the Mexicans to throw off the yoke of Spain. But here is a living witness to that fact from lips then warm and breathing. Nor do the Mexicans themselves seem to have remembered or recorded it. The "Province of Texas" was then a province of Mexico. The "Province of Coahuila" is the present state of Coahuila, which borders Texas to the south.

HARRY HAWKER KILLED IN EXHIBITION FLIGHT

London, July 13.—Harry G. Hawker, the first aviator to essay a flight across the Atlantic in an air plane, met a terrible death yesterday while flying over the Hendon Field. The machine was seen descending in flames, and Hawker's body was found 200 yards from the spot where the airplane fell. It was badly mutilated both by fire and the fall. One foot was severed and both legs were broken.

Oily to bed,
And oily to rise,
Is the fate of a man
When a motor he buys.

CITY NEWS IN BRIEF

Mrs. Leon Deyers is spending the month of July in Kansas City, Mo.

Miss F. Foulard, of this city, is a guest at Hotel Pennsylvania, New York City.

There will be a regular monthly meeting of the Ladies Board of Managers at the hospital tomorrow morning at 10 o'clock.

Mr. Malcolm Self who has been visiting his aunt, Mrs. F. Kerns, in Upperville, Va., has returned to his home, 214 North Royal street.

Mrs. Ola Pullin Leonard has sold to Carl R. Creighton house and lot 225 North Royal street. A deed of transfer was recorded today.

Mrs. Margaret Boothe and daughter Charlotte, have returned to their home in North Royal street, after a visit to relatives at Upperville, Va.

There will be a meeting this evening at 8 o'clock of the Samaritan Rebekah Lodge, No. 27, R. O. O. F. All members are urged to be present.

Attention is called to the fact that the evening sessions of Chautauqua are held at 8 p. m., instead of 7:30 p. m., as published in the program. The afternoon sessions open at 3 p. m.

Notice was received here this morning, by the local secretary, of the death in Chicago on July 8, of Mrs. Effie E. Merrill, Grand Secretary of the Ladies Auxiliary of the B. L. E.

Mrs. William J. Boothe and son, Gardner L. Boothe, Jr., have returned from New York where they attended the wedding of Mrs. George G. Henry, formerly Miss Lee, of this city, and Mr. Lermer McKee, which took place yesterday.

Mr. and Mrs. L. P. Woodward left this morning for Gloversville, N. Y., where they will visit in the home of Mr. Woodward's brother, Mr. Harry Woodward. They will visit many points of interest, returning in August.

In the circuit court for this city the will of Abram H. Smythe, dated June 27, 1921, has been admitted to probate. Testator leaves his estate to his wife, Mrs. Eva Taylor Smythe, and he names Frank C. Creighton as executor and he qualified as such.

Twenty-five members of Alexandria Lodge, No. 758, Benevolent and Protective Order of Elks, have signed their intention of attending the annual meeting of the state convention of that organization which will be held in Charlottesville, Va., August 10 and 11.

Mr. and Mrs. John E. Chapdore have announced the marriage of their daughter, Mrs. Estelle Woodmerr, to Mr. William K. McAbee, of York, Pa., on June 11, at the parsonage of the M. E. Church South, Rev. E. V. Register officiating.

A meeting of the Alexandria Sunday School League will be held tomorrow evening at 8 o'clock in the Chamber of Commerce. It is requested that all captains and managers of the teams, as well as the officers of the league, be present, as important business will be transacted.

A horse apparently blinded by the light last night furnished passengers on the 11:15 o'clock train out of Washington considerable amusement. The horse was encountered near Addison, and despite the blowing of the train whistle failed to budge from the center of the track and ran all the way to Four-mile-run. Finally the conductor of the train put on dimmers and the car sped past the horse.

At the midweek service and Bible reading in St. Paul's Church, Norton Memorial tonight at 8 o'clock, the subject will be: "God's Eternal Purpose, As Revealed in Ephesians 1." Prayers will be offered for the sick also. A service of prayer and healing will be held in the church on Wednesday, July 27, at 8 p. m. A welcome for all always. Next Friday night, at 7:30 p. m., an open air vesper service will be held by Rev. P. F. Hall, at the corner of South Lee and Fairfax streets. Popular hymns will be sung and after the address Mr. Wallace, of the Y. M. C. A., will show some pictures.

Mrs. O'Brien's car is parked at her home in King street.

Consistent fighting, which included "ragging" the umpire, who happened to be our estimable Chief of Police Goods, brought the Southern Methodist baseball club of the Sunday School League from behind and gave them the practice game with a team representing the Dreadnaught Athletic Club, at Baggett's field last evening, the final score being 5 to 4 in favor of the Sunday School boys.

The Dreadnaughts regulars were represented so far as Jimmie Alexander, "Slim" Gice, and Ludlow were concerned, but a referee to answer for the balance of the team. They were made up of last year's "Hinkley Dicks" and other players picked for the regular.

Jimmie Alexander occupied a prominent place on the mound, however, and the Methodists deserve credit for the manner in which they pasted his offerings, although it is only fair to Jimmie to say that he was taking things easy at every stage of the game.

The "Dreadnaughts" started out by scoring four runs in the first two innings, while the Methodists were able to force only one run across the plate in the same time. However the Methodists took advantage of fact that Chief Goods, the official umpire is a member of the field class and kept plugging along until they finished on top, at the end of the seventh inning. The batteries were Peterstone and Duval for the Methodists and Alexander and Ludlow for the Dreadnaughts.

The Southern Methodists and the Second Baptists will cross bats in a regularly scheduled game of the Sunday School baseball league at Baggett's field tonight. Prospects of one of the best games of the entire season are excellent and the outcome is anxiously awaited.

The Destroyer A. C. was defeated by the Petworth A. C. yesterday by the score of 14 to 8. The Petworth's class themselves as a 16 year team, but when they appeared on the field, it was easily seen that they were in the unlimited class. Stover started on the hill for the D's, but after an accident in the fourth, he had to retire in favor of Upton. The accident came about this way: Two men were on bases and two men out. Batter knocked a high fly between home plate and pitcher's box. Catcher Owens and Stover both going after the ball, resulted in Stover hurting his ankle in the collision and had to retire. The Destroyer's infield needs a good shaking up. It has good material but poor handling. Cockrell proved the big fielding star of the day, when he came from deep left to short center and amie a spectacular catch.

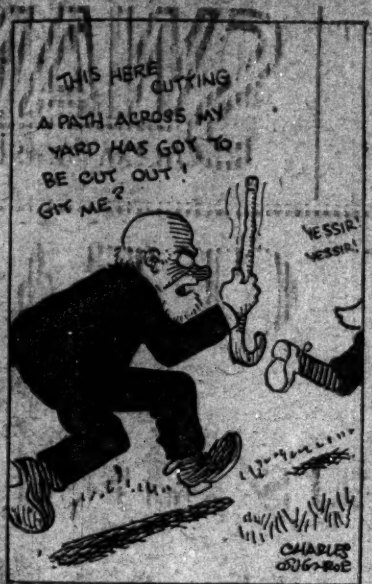

Snellings pulled a lot of Nick Alcock stuff around first base. Wood, on third base, for D's is a demon for bunts, handling three difficult ones. Heflin at short and Cornell at second played a good game. The hitting of Wood, Jones and Ludlow featured for the D's. The D's had the following line up: Whitestone and Snellings, 1st base; Cornell, 2nd base; Heflin, ss.; Lane and Wood, 3rd base; Cockrell, cf.; Pearson and Ludlow, cf.; Jones and Ludlow, rf.; Stover and Upton, pitcher and Owens, catcher.

The Destroyer A. C., will hold a meeting Friday night at Manager Hewitt's home, 114 North Patrick street, at 8 o'clock. All members are urgently requested to be present, as matters of importance will be taken up.

GET YOUR GAMBUSIA NOW

Richmond, Va., July 12.—No swimming pond should be without gambusia. That is what the State Board of Health declares; and it is backing up its warning by offering to furnish free to everybody who owns a pond, enough gambusia to kill off its future generation of mosquitoes. Gambusia sounds like a new name for an old drink, but it is nothing of the sort. It is a gentle, little fish of the minnow family that earns its living by eating the eggs of mosqui-

toes. It is a good performer in that it is being even more readily than Mr. Rockefeller's oil. No body who owns a pond or lake should be without his gambusia; and the State Board of Health will fill him forward containers for all those who send them in.

ASSOCIATION OF NATIONS LIKELY

(Continued from page one)

visitation from France and informal conferences from all others invited to participate, with the exception of Japan. Very little significance attaches, it is said, to the failure of Japan to make an early reply.

It is realized in Government circles here that the inclusion of the Far Eastern problems in the agenda of the disarmament conference has caused Japanese statesmen to weigh carefully all possibilities before accepting the American invitation. Moreover, the Japanese Foreign Office, it is said, probably would discuss the whole matter with Great Britain before deciding upon a course. There is little thought in the mind of any high official of this Government that the Japanese will decline to enter the parley, even if her acceptance is accompanied by certain preannounced reservations.

Consummation of the state of peace with Germany and negotiation of such treaties as may be necessary to restore peacetime relations with the Central Powers is not expected to wait upon the disarmament negotiations. It was indicated today that the process of completing the peace status would go forward with out reference to the proposed conference.

Insistence of a proclamation of

peace, to follow up the peace resolution, still awaits an investigation by the Department of Justice into legal aspects of the situation. So far Attorney General Daugherty has made no recommendation to the President, but the general feeling in high Administration circles is that a proclamation will be issued in the near future. There is a possibility that a conditional proclamation may be decided on because of the difficulties of deciding just what legislation would be affected. As an example it was said today that legal authorities disagreed as to what powers the Emergency Fleet Corporation, created by war legislation, might have should a flat peace proclamation be issued. All of these questions will be cleared up before a final decision is made.

"No," replied Cactus Joe. "Us desperadoes are all tamed down. We're afraid to get out in the street and act reckless for fear we'll be mistook for movie actors."—Washington Star.

It was visiting day at the jail and the uplifiers were on deck.

"My good man," said one kind lady, "I hope that since you have come here you have had time for reflection, and have decided to correct your faults."

HERBS USED IN MEDICINES

A Manchester, England, paper urges the renewed cultivation of old-fashioned medicinal herbs in English gardens. In the United States they have also come out of fashion as a feature of the small garden, although they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Tons of medicinal herbs are used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for women's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it.

KEPT ME ON THE PAYROLL HE SAYS

City Employee of Richmond Says He's Happy as a Boy Since Taking Taulac

"Well, I just feel like celebrating the day I bought my first bottle of Taulac," said A. D. Barnes, the well-known city employee who has charge of the tables of the street cleaning department of the city of Richmond, Va., and who lives at 1909 North Twenty-sixth street.

"About a year ago I began to notice a slight nagging pain in my stomach and also a stuffy, bloated feeling after eating. In a short time I was having the worst sort of indigestion and everything I ate disagreed with me. I had awful choking spells at times and just had to fight for my breath. I also had attacks of nausea and vertigo, and a number of times I had to knock off from work."

"My daughter persuaded me to take Taulac, and it was wonderful what it did for me. I give it credit for keeping me on the city payroll. I was about all in when I took my first dose and today I am a healthy, vigorous man. I am hungry three times a day and eat everything I want without a bit of trouble afterwards. I haven't slept so well in years and in the morning feel so fine I am as happy as a boy."

FEATHERSTONE FARMS

1500 acres in separate tracts. One of the finest and best producing herds of pure bred Holstein cattle in the U. S. \$30,000 chattels at

ABSOLUTE AUCTION

On the premises at Featherstone, Prince William County, Va., to the highest bidder, nothing reserved, no by bids, beginning

MONDAY, JULY 18th, 10 A. M.

Continuing Tuesday and Wednesday. MONDAY—Real Estate TUESDAY—Pure Bred Holstein Dairy Cattle WEDNESDAY—Chattels and Equipment. We have been commissioned by Mr. Frank R. Chambers, Jr., to sell at public auction, beginning Monday, July 18, his nationally known Featherstone Farms, located at Featherstone, Prince William County, Virginia. We will also sell all chattels, live stock consisting of horses mules and a herd of fifty pure bred registered Holstein dairy cattle and farm equipment as indicated in this bill.

LOCATION

"Featherstone Farms" are located in the fertile section of Prince William County, Virginia. These farms contain 1500 acres of good productive, well watered, soil, situated on the R. F. and P. R. R., between Washington, D. C., and Richmond, Virginia, and has 3.1-2 miles frontage on the Occoquan Bay and Potomac River, 1.1-2 miles frontage on the Washington and Richmond Highway.

For 25 years, this farm has been used for a dairy farm, grazed but not extensively cultivated and now has one of the finest and best producing herds of Registered Pure Bred Holstein Dairy Cattle with records and are under Federal and State Supervision.

"Featherstone Farms" in their entirety have been sub-divided by expert farm engineers. Great care in subdividing this property has been taken to make each and every division most desirable. Every parcel of land fronts on an established highway.

The close proximity of "Featherstone Farms" to beautiful Washington, the Nation's Capital, with three passenger trains each way daily, makes it convenient to get to the City and can be easily reached in on hour by auto over the Richmond and Washington Highway, via Alexandria and Camp Humphries.

Shipping facilities are particularly good, there being two sidings at Featherstone Station, one quarter of a mile from Dairy and Post Office. Dairy products reach Washington from Featherstone in about one hour after leaving the Farms.

All trains from New York to Florida and Southern points over the Atlantic Coast Line and Sea Board Air Line railroads pass through these farms, and will stop on request, for through passengers. This is a real location.

This wonderful area of land has been sub-divided into parcels ranging from two to three hundred and sixty-five acres, many beautiful home sites along the R. F. P. Railroad with water fronts overlooking the Occoquan Bay and the Potomac river. Also a number of tracts including Marsh Hall which are fine for duck and game shooting. Also fine grazing land. This will be your opportunity to purchase just what you want at your own price. Every person who attends this sale will be face to face with a genuine auction. You make the price, the owner makes the deed. That's all.

Extraordinary terms. For further particulars address or phone Lynn Adams, Featherstone, Va., or F. R. Chambers, Jr., Featherstone, Va., Telephone 10 Lorton, Va.

EXPRESS WAGES ARE CUT BY LABOR BOARD

Chicago, July 13.—The Railroad Labor Board yesterday ordered wages of employees of the American Railway Express Company reduced 6 cents an hour, beginning August 1.

No reduction of express rates is contemplated at this time as a result of the wage cut, express company officials said. It is estimated that approximately \$8,000,000 will be sliced off the annual labor bill of the company by the reduction. The company employs between 76,000 and 75,000 workers.

In its petition to the Labor Board several weeks ago, the company asked restoration of the rates of pay in effect prior to the board's \$30,000,000 wage award to express employees on August 10, 1920. A uniform increase in rates of 16 cents an hour was granted by that decision. Yesterday's ruling takes away less than half of the 1920 award.

Hearings at which both sides presented testimony to the board were held early in June. The company contended that its labor bill must be reduced on account of the lack of business and also because of alleged lower cost of living and general wage decreases in other industries.

The American Railway Express Company is a consolidation of 7 large companies which were brought together under the Federal Railroad Administration during the war. The Director General of Railroads granted the expressmen an increase of \$25 a month in April, 1919, the increase being retroactive to January 1, 1919. Hours of service and overtime rates resulted in increased compensation to the employees in September, 1919. A year later the Labor Board granted the 16 cent increase, retroactive to May 1, 1920.

Under the Transportation act wage adjustments must be considered in conference between the carrier and the employees and in event of disagreement, the dispute may be taken to the Labor Board. The company called its men in for a conference in May, but the employees refused to consider any reduction.

The Loveliest Dresses That Late Summer Ever Welcomed

Charming in the filmy tissues of which they are
made, delightful in the refinement and individuality
of the styles. They don't look like dresses that have
been made by the hundreds, they have that tasteful
dressiness about them that makes each one seem as
though it had been specially made by some artistic
dressmaker especially for the wearer.
